

## PEI Brewing Co.

The PEI Brewing Company is a brewer and distributor of all-natural craft beer, brewed in Charlottetown, Prince Edward Island. We represent our own line of products and the Gahan line of craft beers. We brew using all natural ingredients, no preservatives or additives, just fresh PEI water, malted barely, hops and yeast. You can find our beer in fine restaurants and pubs, in all PEI Liquor Commission outlets across the Island and select outlets in New Brunswick, Nova Scotia, Newfoundland and Alberta. Drop into our location at 96 Kensington Road for a tour of our brewery, a browse through our retail and a taste of our beer. We also offer a cold beer store with cans, bottles, growlers, and kegs available for purchase.
