## CAA Atlantic is more than a tow truck.

We're proud of how much you trust us when you need roadside assistance.

We are also proud of how much you love our help while travelling, whether flying or hitting the road, insuring your home and vehicles with us or just saving money and earning CAA Dollars.

## We're here for you.

CAA Atlantic is part of a federation of nine clubs providing over 6.2 million Members with exceptional emergency roadside service, complete automotive and travel services, member savings and comprehensive insurance services.

## Group Bookings

At CAA we strive to bring you the best in group travel. Choose CAA to book delegates coming to your next convention, incentive trip or board meeting.

CAA coordinates your group's travel itinerary for an upcoming business event and can offer special travel rates and other valuable benefits to meeting attendees.

Looking for some group activities? Book travel and experiences all at once.

## About CAA Atlantic

- **CAA Atlantic Members & Customers**

We exist for our members, and judge everything we do by how well it serves their needs. CAA services, programs, and products will meet high standards of quality and will be continually reviewed to ensure maximum member benefit and fiscal viability. CAA services and products will be tested, proven practical and reliable, and offered only to add value to membership.

- **CAA Atlantic Associates**

CAA Atlantic is committed to instilling a culture which promotes new ideas, open communication, equal opportunities, risk-taking, and teamwork through a learning

environment. We will support and respect individuality, foster responsible decision-making, and provide a competitive compensation program.

- **The Association**

The Association is committed to membership growth and retention, to the federation structure, and to the autonomy of affiliated clubs. We will help shape the National Organization by exercising a leadership role. We will seek a balance between the uniformity needed to bind us together as an Association, while maintaining the needs of our members. Our goal is long-term success and viability, not short-term advantage. We will be diligent in assessing our business and policy decisions to be confident we are acting correctly.
