

## COWS Prince Edward Island

Ice cream from an old-fashioned Prince Edward Island family recipe has been combined with a wide assortment of clothing and fun products to become the COWS store of today. While clothing sales now represent a major component of our business, it is our super premium ice cream that continues to drive the store's success and keeps customers coming back for more!

### Special Features:

Drop a gift certificate in delegate bags, and offer your delegation the Island experience of COWS ice-cream. They will have a hard time choosing between Wowie Cowie, Pecans & Toffee, Goey Mooey and many other scrumptious flavours...but whatever the flavour choice the taste will be utterly heavenly.

COWS is famous for fun original T-shirts and super premium ice cream, made on Prince Edward Island. Only the finest ingredients are used to produce popular ice-cream flavours. A couple of years after launching the first ice cream store in Cavendish, a retail line of clothing was added. All of the clothing items feature many of the popular T-shirt designs. Plus you will also find lots of fun, whimsical cow items that will look charming in your home, office or school. Voted Canada's Best Ice Cream in 2006 by Reader's Digest, and recently named #1 on the world's top ten places for ice cream as determined by Tauck World Discoveries.

Come in and try COWS delicious super premium ice cream on our handmade waffle cones while browsing the humorous selection of souvenirs and gifts.
