DSM Telecom

DSM Telecom is a Halifax-based phone company offering telecom solutions for business including Hosted PBX or Cloud-Based VoIP, SIP Trunking, Mobile Integration, Cloud Contact Centre, Internet, Conferencing and Toll services.

Additional services include Cloud IT, Wireless, Wifi & Fiber solutions through our strategic partnership with Rogers who leverage DSM's Metaswitch platform within Atlantic Canada. DSM is also a value-added reseller of Tech Data, one of the world largest IT Distribution firms offering a host of IT hardware and software solutions.

DSM's carrier-grade solution is powered by world leading Metaswitch and a state of the art fiber optic network. This along with DSM's experienced team provides business with a flexible, reliable and cost-effective alternative to traditional carriers.

DSM has received various industry awards including multiple Atlantic Business Magazine Top 50 CEO & Hall of Fame, Progress Media Fastest Growing Companies, Ernst & Young Entrepreneur of the Year, Better Business Bureau Ethics Award and Halifax Chamber Business of the Year & Innovative Business of the Year.
