We are offering authentic Lobster Tours. Learn all about Lobster fishing, Mussel & Oyster Aquaculture from real Prince Edward Island fishermen. During a scenic boat ride in the Gulf of the St. Lawrence enjoy a taste of homemade seafood chowder, a pot of steamed mussels and freshly cooked lobster on the boat while taking in some of the best views the Maritimes has to offer.

If lobster tours aren't for you we also offer Cod and Mackerel Fishing off the coast of Cavendish, PEI. Have a blast casting your line for a traditional PEI fishing experience. We personally guarantee plenty of cod and mackerel, lots of laughs, scenic views of Prince Edward Island and an experience you will never forget.

### Dates of Operation:

June - September. Departs from Rusticville Bridge.

### Special Experience Descriptions:

**Cod and Mackerel Trip:** A three hour trip, includes 1/2 hour of sailing time to and from the fishing area and a full two hours of fishing! The trip begins with a scenic sail through and past North Rustico Harbour. Once you settle in to fish on the beautiful Gulf of St. Lawrence, the Captain will start with fishing mackerel and then move onto fishing cod. Fish is cleaned and bagged for you to take! There is a washroom on board, everything is supplied, all you have to do is catch the fish! Our boats have a capacity of 20 passengers plus 2 crew.

**Tuna Experience:** An all day trip. Limit of 6 people per trip. This tour can be extremely thrilling and awe inspiring! We catch and release our tuna. We allow for a fight time of one hour and bring the fish along side the boat for a chance to have your photo taken with the big one!

**Lobster Tour:** We begin the tasting before you even leave the wharf with a fresh bowl of homemade seafood chowder! On the way down to the river, we stop to explain how mussels and oysters are farmed on PEI. Then we head out on the Gulf to fish our lobster traps. We cook mussels on board for all and after everyone gets a chance to see how lobster traps are hauled you get to eat one of the tasty treats while sitting on the side of the boat and throwing your shells off the side. The tour is approx. 2 hours.

### Additional Information:

- Full explanation of safety and equipment that is on board
- Crew introductions
- Two boats that can accommodate 20 people, but we can easily access additional boats to accommodate up to 160 people with notice.
