What Would You Make Experience

McAskills bright, spacious showroom features the work of numerous Maritime artisans as well as our own work. Mediums from pottery, jewellery, fabric, wood, metal, prints and more are available.

We offer a 'What Wood You Make' experience, where you can come and spend a morning or afternoon. Under the direct of our skilled craftsperson you will learn to use a lathe and turn your own personal pen. Show that with pride to your friends - what a souvenir! This experience is great for team building as well with groups up to 6 people welcomed.

Cost of 1 or 2 people is \$90.00 per person plus tax, for groups of 3, 4, 5 or 6 people the cost is \$65.00 per person plus tax.

McAskills Wood Crafts can be engraved with text or log and range in prices suitable for both conference attendees and guest speakers.

Contact us for details and prices.
