Pauley Charter and Adventure Tours

Pauley Charter and Adventure Tours is owned and operated by Sonya and Lorelei Pauley. They spent their childhood's exploring the Eastern shores of Prince Edward Island. The sisters called the small community of Belfast home, just as the settlers of Lord Selkirk did when they first arrived in 1803. Their father owned a Lobster Supper Restaurant across from Lord Selkirk Provincial Park for which introduced the sisters to the service industry which they grew to love; especially the meaningful connections that came from their interactions with customers. Fast forward 17 years and the girls are finally realizing their dream. They've combined their love for all of Prince Edward Island (especially the Eastern shore) and wealth of customer service experience to open a private charter event-based tour guide operation .
