The Quaich is a well respected, internationally recognized consultancy based in Charlottetown. We specialize in working with organizations on capacity building, knowledge exchange and program design, especially in the sectors of community development, health and education. We also produce conferences, workshops and events aimed at fostering leadership and building healthier, safer communities.

The Quaich offers support to organizations seeking to organize conferences, or events, on PEI and in the Atlantic Region. Our team of dynamic, multidisciplinary professionals can help you deliver a successful event from start to finish. Our services include program development, event planning and organization, facilitation, evaluation and equipment rental. A strong network of local, national and international associates complements our in-house team, allowing us to effectively engage with target audiences and populations. Our range of services is available as a complete package or offered separately, depending on your needs.

Our name, The Quaich ("qwake"), comes from the Scottish Gaelic word for cup, a centuries old symbol of friendship and community, which represents the spirit of our company.
